PROFESSIONAL SUMMARY

Dynamic and results-driven Software Developer with a proven record of accomplishment in developing, and maintaining cutting-edge software applications. With 4 years of industry experience, I specialize in JavaScript, Node, ReactJs, and NextJs. I have demonstrated leadership abilities by successfully leading a team to develop a quiz platform from scratch. My keen attention to detail, problem-solving skills, and commitment to achieving high-quality results are the driving forces behind my success in delivering efficient and reliable software solutions.

PROFESSIONAL SKILLS

- **Project Management:** Proven ability to lead and manage a wide variety of design and development projects in team and independent situations.
- **Strategic Thinking:** Ability to think strategically about technology and choose the best path forward.
- **Data Analysis:** Proficiency in data analysis and modeling techniques, and the ability to interpret complex data.
- **Software Development Lifecycle (SDLC):** Deep understanding of the software development lifecycle and the processes involved.
- **Agile & Scrum Methodologies:** Experience with agile development methodologies, particularly Scrum.
- **Testing and Debugging:** Ability to conduct rigorous testing and debugging to ensure the performance and reliability of software solutions.
- **Security Best Practices:** Knowledge of secure programming practices and experience with security tools and environments.

PROJECT EXPERIENCE

Front-End Developer | ToddlerWalks

May 2023 - August 2023

- Played a key role in developing and enhancing the platform.
- Created intuitive and user-friendly interfaces, ensuring seamless interaction for users.
- Collaborated with industry experts and peers to develop innovative projects.
- Mentored others and helped them align their digital skills with their career goals.
- Key technologies used: HTML, CSS, JavaScript, React.js.

Software Developer Intern | EasyParcel Sdn. Bhd

January 2023 - April 2023

- Worked on various software development projects.
- Contributed to the development of robust and scalable software solutions.
- Collaborated with the team to implement these solutions, following best practices in software development.
- Key technologies used: JavaScript, React.js, Node.js, MongoDB.

Software Developer Intern | Cotocus

September 2022 - December 2022

- Gained hands-on experience in the tech industry.
- Worked on various projects, enhancing skills in software development and problem-solving.
- Had the opportunity to learn from experienced professionals in the field.

EDUCATION

Certificate in Software Development | CodeTrain

January 2021 - April 2022

- Gained comprehensive knowledge in software development.

Certificate in Software Development | Coursera

- Completed a course focusing on various aspects of software development.

Certificate in Frontend Web Development | Udacity

- Acquired skills in frontend web development.

SKILLS & INTERESTS

Technical Skills

- Proficient in HTML, CSS, JavaScript, ReactJs, NextJs, React Native, NodeJs, ExpressJs, MongoDB, and Git.

Soft Skills

- Problem-solving
- Communication
- Teamwork
- Adaptability
- Time management
- Attention to detail
